- **Canvas:** We will use Canvas for online management of this course, and you can access MyAccountingLab directly from our class Canvas page.
- **Calculator:** You will need to bring a calculator to each lab session in order to complete the lab assignments. You are not allowed to use a cell phone, computer, tablet, or similar device as a calculator.

Descriptions of major assignments and examinations:

**Lab Assignments:** Students will complete two assignments in each lab: a group assignment and an individual assignment. A total of 6 points are available in each lab session, and points are awarded based on student effort and accuracy on the two assignments. The lab will meet 12 times over the course of the semester, and your lowest two lab scores will be dropped from your point total. This results in total possible lab points for the semester of 60. All points earned in the lab will be incorporated into the calculation of your course grade for the three-credit ACCT 2302 lecture course.

**Student Responsibilities:**
1. Arrive to class on time.
2. Be respectful of the lab leader and your classmates. Refrain from using cell phones or laptops for non-class related reasons.
3. Actively participate in group activities, communicate in a professional manner with your classmates, and complete and turn in the lab assignments.

Additional Information

Attendance:
At The University of Texas at Arlington, taking attendance is not required but attendance is a critical indicator of student success. Each faculty member is free to develop his or her own methods of evaluating students’ academic performance, which includes establishing course-specific policies on attendance. As the instructor of this section, I believe that class attendance is part of your professional responsibility, similar to your attendance at a job. As a result, I evaluate your attendance through in-class assignments.

However, while UT Arlington does not require instructors to take attendance in their courses, the U.S. Department of Education requires that the University have a mechanism in place to mark when Federal Student Aid recipients “begin attendance in a course.” UT Arlington instructors will report when students begin attendance in a course as part of the final grading process. Specifically, when assigning a student a grade of F, faculty report must the last date a student attended their class based on evidence such as a
test, participation in a class project or presentation, or an engagement online via Canvas. This date is reported to the Department of Education for federal financial aid recipients.

**Emergency Exit Procedures:**
Should we experience an emergency event that requires evacuation of the building, students should exit the room and move toward the nearest exit. When you exit the classroom, turn left and then take the stairway on the right side of the hall which will lead you to the ground floor and a building exit. When exiting the building during an emergency, do not take an elevator but use the stairwells instead. Faculty members and instructional staff will assist students in selecting the safest route for evacuation and will make arrangements to assist individuals with disabilities.

**Student Success Programs:**
UT Arlington provides a variety of resources and programs designed to help students develop academic skills, deal with personal situations, and better understand concepts and information related to their courses.
