Course Prerequisites: Econ 2306 or consent of instructor.

Required Material:
3. Wall St. Journal – Daily Readings, Section A of Paper – (To be discussed in class on day one.)

Course Description: Basic economics principles applied to the analysis of professional and amateur sports. Topics include fan demand, advertising, team output decisions, league/conference organization, sports rules, and government regulations. The course is designed for both business and economics majors. Prerequisite: ECON 2306.

Class Format and Goal: Much of the core material will be presented by the instructor in a lecture format. Additionally, power points or other class visual aids may be used. Therefore, attendance is obviously important. If you miss class, you are still responsible for what is said in class! If you miss class you should arrange to get notes from another student. The goal of this course is to provide an economic analysis and understanding of issues related to different areas of sports. Please Note: We will attempt to stay with an organized schedule as much as possible. However, there may be times we depart from structure and address relevant and/or current issues or events. And, to re-emphasize, I do not post all notes on Blackboard, and I do not re-lecture material. So again, if you miss class you should arrange to get notes from a classmate.

Testing: All students are expected to take the tests at the assigned time. Test format will generally be a combination of multiple choice and/or short answer. In addition, some graphing will be required. If for some reason you must miss the test, you should notify me beforehand. Makeup tests are for extenuating circumstances only; may be given at the end of the semester and may be essay.

Student Learning Outcomes: The student will be able to explain and discuss the course content as noted in the course and subject outline and demonstrate their knowledge of course material through examinations, quizzes, and class discussions. More specifically, the student will be able to: employ the methods that economists use to investigate market outcomes, use and critique alternative theories of the macroeconomy, develop and communicate alternative explanations or solutions for contemporary social issues such as poverty and unemployment, differentiate and analyze historical evidence (documentary and statistical) and differing points of view, analyze, critically assess, and develop creative solutions to public policy problems such as inflation, and recognize appropriate information sources for data about the state of the economy.

Other Course Objectives and Format: In various ways, the course will incorporate use of the basic intellectual competencies, i.e. – reading, writing and expression, speaking, listening and absorption of ideas, and critical thinking. Additionally, on a smaller scale, some computer literacy may be beneficial in the research and acquisition of additional information for topic areas appealing to the student or assigned by the instructor.

Extra Credit: Generally there is no formal extra credit. However, on occasion I might give an in-class quiz or some other assignment. These types of assignments are generally unannounced and might occur at any time. There is NO MAKE-UP should you miss these.

Disclaimer Regarding Syllabus: I reserve the right to make changes to the syllabus as the semester progresses. Students are responsible for being aware of these changes.

Attendance: At The University of Texas at Arlington, taking attendance is not required. Rather, each faculty member is free to develop his or her own methods of evaluating students’ academic performance, which includes establishing course-specific policies on attendance. As the instructor of this section, my attendance policy is as follows: Attendance will be taken for this course and students are expected to attend. A seating chart will be used. While there is no reduction in points for non-attendance, if you regularly miss class, I will assume that the class is not very important to you. Please note that here will be a significant amount of material provided through lecture notes during class and, on occasion, your textbook will also be used in class. Additionally, sleeping in class will not be tolerated. Finally, please note that while UT Arlington does not require instructors to take attendance in their courses, the U.S. Department of Education requires that the University have a mechanism in place to mark when Federal Student Aid recipients “begin attendance in a course.” UT Arlington instructors will report when students begin attendance in a course as part of the final grading process. Specifically, when assigning a student a grade of F, faculty report the last date a student attended their class based on evidence such as a test, participation in a class project or presentation, or an engagement online via Blackboard. This date is reported to the Department of Education for federal financial aid recipients.

Laptop Computer: Any laptops brought to class are to be used strictly for this class. I reserve the right to ask that laptops be turned off if there is any abuse in this area, i.e., surfing the web during class, shopping, e-mailing, etc.

E-Mail: E-Mail is to be used for academic purposes. Do not use e-mail to forward jokes or political views. Any harassing or profane e-mail will be reported to campus authorities and is subject to disciplinary action.

Grade Grievances: You have one calendar year from the date the grade is assigned to initiate any grievance. The normal academic channels are department chair, academic dean, and the Provost.

Drop Policy: Students may drop or swap (adding and dropping a class concurrently) classes through self-service in MyMav from the beginning of the registration period through the late registration period. After the late registration period, students must see their academic advisor to drop a class or withdraw. Undeclared students must see an advisor in the University Advising Center. Drops can continue through a point two-thirds of the way through the term or session. It is the student’s responsibility to officially withdraw if they do not plan to attend after registering. Students will not be automatically dropped for non-attendance. Repayment of certain types of financial aid administered through the University may be required as the result of dropping classes or withdrawing. For more information, contact the Office of Financial Aid and Scholarships (http://wweb.uta.edu/aao/fao/). NO DROPS AFTER DROP DATE!

College Policy: Students who have not paid by the census date and are dropped for non-payment cannot receive a grade for the course in any circumstances. Therefore, a student dropped for non-payment who continues to attend the course will not receive a grade for the course. Emergency loans are available to help students pay tuition and fees. Students can apply for emergency loans by going to the Emergency Tuition Loan Distribution Center at E.H. Hereford University Center (near the southwest entrance).

Academic Integrity: Students enrolled all UT Arlington courses are expected to adhere to the UT Arlington Honor Code:

I pledge, on my honor, to uphold UT Arlington’s tradition of academic integrity, a tradition that values hard work and honest effort in the pursuit of academic excellence.

I promise that I will submit only work that I personally create or contribute to group collaborations, and I will appropriately reference any work from other sources. I will follow the highest standards of integrity and uphold the spirit of the Honor Code.

UT Arlington faculty members may employ the Honor Code as they see fit in their courses, including (but not limited to) having students acknowledge the honor code as part of an examination or requiring students to incorporate the honor code into any work submitted. Per UT System Regents’ Rule 50101, §2.2, suspected violations of university’s standards for academic integrity (including the Honor Code) will be referred to the Office of Student Conduct. Violators will be disciplined in accordance with University policy, which may result in the student’s suspension or expulsion from the University.

t is the philosophy of The University of Texas at Arlington that academic dishonesty is a completely unacceptable mode of conduct and will not be tolerated in any form. All persons involved in academic dishonesty will be disciplined in accordance with University regulations and procedures. Discipline may include suspension or expulsion from the University.

Disability Accommodations: UT Arlington is on record as being committed to both the spirit and letter of all federal equal opportunity legislation, including The Americans with Disabilities Act (ADA), The Americans with Disabilities Amendments Act (ADAAA), and Section 504 of the Rehabilitation Act. All instructors
at UT Arlington are required by law to provide “reasonable accommodations” to students with disabilities, so as not to discriminate on the basis of disability. Students are responsible for providing the instructor with official notification in the form of a letter certified by the Office for Students with Disabilities (OSD). Only those students who have officially documented a need for an accommodation will have their request honored. Students experiencing a range of conditions (Physical, Learning, Chronic Health, Mental Health, and Sensory) that may cause diminished academic performance or other barriers to learning may seek services and/or accommodations by contacting:

**The Office for Students with Disabilities, (OSD)** [www.uta.edu/disability](http://www.uta.edu/disability) or calling 817-272-3364. **Food and Drink in Classrooms:** College policy prohibits food and/or drinks in classrooms and labs. Anyone bringing food and/or drinks into a classroom or lab will be required to remove such items, as directed by the class instructor or lab supervisor.

**Student Support Services:** UT Arlington provides a variety of resources and programs designed to help students develop academic skills, deal with personal situations, and better understand concepts and information related to their courses. Resources include tutoring, major-based learning centers, developmental education, advising and mentoring, personal counseling, and federally funded programs. For individualized referrals, students may visit the reception desk at University College (Ransom Hall), call the Maverick Resource Hotline at 817-272-6107, send a message to [resources@uta.edu](mailto:resources@uta.edu), or view the information at [http://www.uta.edu/universitycollege/resources/index.php](http://www.uta.edu/universitycollege/resources/index.php).

**Electronic Communication Policy:** UT Arlington has adopted MavMail as its official means to communicate with students about important deadlines and events, as well as to transact university-related business regarding financial aid, tuition, grades, graduation, etc. All students are assigned a MavMail account and are responsible for checking the inbox regularly. There is no additional charge to students for using this account, which remains active even after graduation. Information about activating and using MavMail is available at [http://www.uta.edu/oit/cs/email/mavmail.php](http://www.uta.edu/oit/cs/email/mavmail.php).

**Student Feedback Survey:** At the end of each term, students enrolled in classes categorized as “lecture,” “seminar,” or “laboratory” shall be directed to complete an online Student Feedback Survey (SFS). Instructions on how to access the SFS for this course will be sent directly to each student through MavMail approximately 10 days before the end of the term. Each student’s feedback enters the SFS database anonymously and is aggregated with that of other students enrolled in the course. UT Arlington’s effort to solicit, gather, tabulate, and publish student feedback is required by state law; students are strongly urged to participate. For more information, visit [http://www.uta.edu/sfs](http://www.uta.edu/sfs).

**Final Review Week:** For semester-long courses, a period of five class days prior to the first day of final examinations in the long sessions shall be designated as Final Review Week. The purpose of this week is to allow students sufficient time to prepare for final examinations. During this week, there shall be no scheduled activities such as required field trips or performances; and no instructor shall assign any themes, research problems or exercises of similar scope that have a completion date during or following this week unless specified in the class syllabus. During Final Review Week, an instructor shall not give any examinations constituting 10% or more of the final grade, except make-up tests and laboratory examinations. In addition, no instructor shall give any portion of the final examination during Final Review Week. During this week, classes are held as scheduled. In addition, instructors are not required to limit content.

**The IDEAS Center (2nd Floor of Central Library) offers free** tutoring to all students with a focus on transfer students, sophomores, veterans and others undergoing a transition to UT Arlington. To schedule an appointment with a peer tutor or mentor email IDEAS@uta.edu or call (817) 272-6593.

**Campus Carry:** Effective August 1, 2016, the Campus Carry law (Senate Bill 11) allows those licensed individuals to carry a concealed handgun in buildings on public university campuses, except in locations the University establishes as prohibited. Under the new law, openly carrying handguns is not allowed on college campuses. For more information, visit [http://www.uta.edu/news/info/campus-carry/](http://www.uta.edu/news/info/campus-carry/)

**Bomb Threats:** If anyone is tempted to call in a bomb threat, be aware that UTA will attempt to trace the phone call and prosecute all responsible parties. Each effort will be made to avoid cancellation of presentations/tests caused by bomb threats. Unannounced alternate sites will be available for these classes. Your instructor will make you aware of alternate class sites in the event that your classroom is not available.

**Emergency Exit Procedures:** Should we experience an emergency event that requires us to vacate the building, students should exit the room and move toward the nearest exit. Note there are multiple exits from the first floor in close proximity to our room on the south, east, and west sides of the building. When exiting the building during an emergency, one should never take an elevator but should use the stairwells. Faculty members and instructional staff will assist students in selecting the safest route for evacuation and will make arrangements to assist individuals with disabilities.

**EVACUATION FOR DISABLED PERSONS:** For 2nd floor and above, please go to the Northeast fire stairs. An evacu track chair is located on the 6th floor stairwell. Employees trained in the use of this chair will go to the 6th floor and bring the chair to any lower floor stairwell to assist disabled persons.

Stop. Think. Protect Yourself. **You Have Choices.**

The safety and security of our campus is the responsibility of everyone in our community. Each of us has an obligation to be prepared to appropriately respond to threats to our campus, such as an active aggressor.

This graphic provides each member of the UTA community with information and options for responding to an active threat. These options are not chronological, but are designed to address dynamic situations. Assess the situation (your location, the location of the threat, type of threat, etc.), identify and weigh your options, develop a plan of action and commit to it.
