Materials Required:
Text:  Economics Today: The Macro View - Miller 19E – Available thru Bookstore or Online
Electronic:  MyEconLab – Pearson Online Package for Homework. (Will discuss in more detail on 1st day.)
Other:  As assigned in class, i.e. – WSJ articles, Blackboard postings, etc.

Course Description:  Principles of Macroeconomics covers the elements of economics that deal with many problems facing societies as a whole and how these problems affect individuals. Issues such as inflation, unemployment, government policies, global integration, and economic growth impact all of us. Economics helps develop decision-making tools to aid in making choices critical to a well-functioning economy.

Course Prerequisites:  None
Course Purpose:  This course satisfies the University of Texas at Arlington core curriculum requirement in social and behavioral studies.
Course Objectives:  This course satisfies the following four objectives.

- Critical thinking skills include creative thinking, innovation, inquiry, and analysis, evaluation, and synthesis of information. Students will demonstrate evidence of critical thinking skills by learning and using economic principles and analysis in examining and critiquing various social policies and issues such as government regulations for drug approval and pollution, the economic consequences of criminal behavior, the market effects of drug prohibition, the issues of an aging society, tax policies and their myriad of impacts, and the consequences of unemployment and the minimum wage, to name a few.
- Communication skills include effective development, interpretation, and expression of ideas through written, oral, and visual communication. Students will demonstrate communication skills throughout the course through classroom participation, frequent class discussions and course exercises including examinations and in-class assignments.
- Empirical and quantitative skills include the manipulation and analysis of numerical data or observable facts resulting in informed conclusions. For example, students will be able to work with quantitative measures such as the social security and income tax rate policy, changes in crime rates as they relate to our overall economy, and the impact of government policies on drug prices – both legal and illegal. Based on these and other measures, students will be able to judge the impact of various social policies on our economy and overall social welfare.
- Social responsibility includes intercultural competence, knowledge of civic responsibility and the ability to engage effectively in regional, national and global communities. In this area for example, students will be able to articulate the impact that government regulation and taxes have on improving access to healthcare, making our neighborhoods safer, reducing pollution, and attending to the issues of immigration flows.

Course Format:  This course is presented in a lecture format with the use of power point, and the available white board. Additionally, information will be provided via the textbook and other media in the classroom. It is important to note the obvious – you are responsible for what is said, discussed, and covered in class. Accordingly, if you are absent, you should arrange to get notes from a classmate. This is important! Some content may be posted to Blackboard as well, including outside articles such as the Wall St. Journal or other publications. The class will also include some emphasis on solving problems and may include discussion of current topics/events deemed pertinent by the instructor. Note – I do not post all notes to Blackboard, nor do I re-lecture material. Again, if you miss class it is your responsibility to get notes from a classmate.

Important Dates:
July 9 – First Class Day
July 30 – Last Day to Drop – 4pm Deadline
Aug 8 – Last Regular Class Day BEFORE Final Exam
Aug 12 – Final Exam

Student Learning Outcomes: The student will be able to explain and discuss the course content as noted in the course and subject outline and demonstrate their knowledge of course material through examinations, quizzes, and class discussions. More specifically, the student will be able to: employ the methods that economists use to investigate market outcomes, use and critique alternative theories of the macroeconomy, develop and communicate alternative explanations or solutions for contemporary social issues such as poverty and unemployment, differentiate and analyze historical evidence (documentary and statistical) and differing points of view, analyze, critically assess, and develop creative solutions to public policy problems such as inflation, and recognize appropriate information sources for data about the state of the economy.

Other Course Objectives and Format: In various ways, the course will incorporate use of the basic intellectual competencies, i.e. – reading, writing and expression, speaking, listening and absorption of ideas, and critical thinking. Additionally, on a smaller scale, some computer literacy may be beneficial in the research and acquisition of additional information for topic areas appealing to the student or assigned by the instructor.

Extra Credit: Generally there is no formal extra credit. However, on occasion I might give an in-class quiz or some other assignment. These types of assignments are generally unannounced and might occur at any time. There is NO MAKE-UP should you miss these.

Disclaimer Regarding Syllabus: I reserve the right to make changes to the syllabus as the semester progresses. Students are responsible for being aware of these changes.

Attendance: At The University of Texas at Arlington, taking attendance is not required. Rather, each faculty member is free to develop his or her own methods of evaluating students’ academic performance, which includes establishing course-specific policies on attendance. As the instructor of this section, my attendance policy is as follows: Attendance will be taken for this course and students are expected to attend. A seating chart will be used. While there is no reduction in points for non-attendance, if you regularly miss class, I will assume that the class is not very important to you. Please note that here will be a significant amount of material provided through lecture notes during class and, on occasion, your textbook will also be used in class. Additionally, sleeping in class will not be tolerated. Finally, please note that while UT Arlington does not require instructors to take attendance in their courses, the U.S. Department of Education requires that the University have a mechanism in place to mark when Federal Student Aid recipients “begin attendance in a course.” UT Arlington instructors will report when students begin attendance in a course as part of the final grading process. Specifically, when assigning a student a grade of F, faculty report the last date a student attended their class based on evidence such as a test, participation in a class project or presentation, or an engagement online via Blackboard. This date is reported to the Department of Education for federal financial aid recipients.

Laptop Computer: Any laptops brought to class are to be used strictly for this class. I reserve the right to ask that laptops be turned off if there is any abuse in this area, i.e., surfing the web during class, shopping, e-mailing, etc.

E-Mail: E-Mail is to be used for academic purposes. Do not use e-mail to forward jokes or political views. Any harassing or profane e-mail will be reported to campus authorities and is subject to disciplinary action.

Grade Grievances: You have one calendar year from the date the grade is assigned to initiate any grievance. The normal academic channels are department chair, academic dean, and the Provost.

Drop Policy: Students may drop or swap (adding and dropping a class concurrently) classes through self-service in MyMav from the beginning of the registration period through the late registration period. After the late registration period, students must see their academic advisor to drop a class or withdraw. Undeclared students must see an advisor in the University Advising Center. Drops can continue through a point two-thirds of the way through the term or session. It is the student’s responsibility to officially withdraw if they do not plan to attend after registering. Students will not be automatically dropped for non-attendance. Repayment of certain types of financial aid administered through the University may be required as the result of dropping classes or withdrawing. For more information, contact the Office of Financial Aid and Scholarships (http://www.utdallas.edu/aao/fao/). NO DROPS AFTER DROP DATE!

College Policy: Students who have not paid by the census date and are dropped for non-payment cannot receive a grade for the course in any circumstances. Therefore, a student dropped for non-payment who continues to attend the course will not receive a grade for the course. Emergency loans are available to help students pay tuition and fees. Students can apply for emergency loans by going to the Emergency Tuition Loan Distribution Center at E.H. Hereford University Center (near the southwest entrance).

Academic Integrity: Students enrolled all UT Arlington courses are expected to adhere to the UT Arlington Honor Code:

I pledge, on my honor, to uphold UT Arlington’s tradition of academic integrity, a tradition that values hard work and honest effort in the pursuit of academic excellence.

I promise that I will submit only work that I personally create or contribute to group collaborations, and I will appropriately reference any work from other sources. I will follow the highest standards of integrity and uphold the spirit of the Honor Code.

UT Arlington faculty members may employ the Honor Code as they see fit in their courses, including (but not limited to) having students acknowledge the honor code as part of an examination or requiring students to incorporate the honor code into any work submitted. Per UT System Regents’ Rule 50101, §2.2, suspected violations of university’s standards for academic integrity (including the Honor Code) will be referred to the Office of Student Conduct. Violators will be disciplined in accordance with University policy, which may result in the student’s suspension or expulsion from the University.

Disability Accommodations: UT Arlington is on record as being committed to both the spirit and letter of all federal equal opportunity legislation, including The Americans with Disabilities Act (ADA), The Americans with Disabilities Amendments Act (ADAAA), and Section 504 of the Rehabilitation Act. All instructors at UT Arlington are required by law to provide “reasonable accommodations” to students with disabilities, so as not to discriminate on the basis of disability. Students are responsible for providing the instructor with official notification in the form of a letter certified by the Office for Students with Disabilities (OSD). Only those students who have officially documented a need for an accommodation will have their request honored. Students experiencing a range of
conditions (Physical, Learning, Chronic Health, Mental Health, and Sensory) that may cause diminished academic performance or other barriers to learning may seek services and/or accommodations by contacting:

The Office for Students with Disabilities (OSD) [www.uta.edu/disability](http://www.uta.edu/disability) or calling 817-272-3364. Information regarding diagnostic criteria and policies for obtaining disability-based academic accommodations can be found at [www.uta.edu/disability](http://www.uta.edu/disability).

Counseling and Psychological Services, (CAPS) [www.uta.edu/caps](http://www.uta.edu/caps) or calling 817-272-3671 is also available to all students to help increase their understanding of personal issues, address mental and behavioral health problems and make positive changes in their lives.

Non-Discrimination Policy: The University of Texas at Arlington does not discriminate on the basis of race, color, national origin, religion, age, gender, sexual orientation, disabilities, genetic information, and/or veteran status in its educational programs or activities it operates. For more information, visit [uta.edu/eos](http://uta.edu/eos).

Title IX Policy: The University of Texas at Arlington ("University") is committed to maintaining a learning and working environment that is free from discrimination based on sex in accordance with Title IX of the Higher Education Amendments of 1972 (Title IX), which prohibits discrimination on the basis of sex in educational programs or activities; Title VII of the Civil Rights Act of 1964 (Title VII), which prohibits sex discrimination in employment; and the Campus Sexual Violence Elimination Act (SaVE Act). Sexual misconduct is a form of sex discrimination and will not be tolerated. For information regarding Title IX, visit [www.uta.edu/titleIX](http://www.uta.edu/titleIX) or contact Ms. Jean Hood, Vice President and Title IX Coordinator at (817) 272-7091 or jmhood@uta.edu

Food and Drink in Classrooms: College policy prohibits food and/or drinks in classrooms and labs. Anyone bringing food and/or drinks into a classroom or lab will be required to remove such items, as directed by the class instructor or lab supervisor.

Student Support Services: UT Arlington provides a variety of resources and programs designed to help students develop academic skills, deal with personal situations, and better understand concepts and information related to their courses. Resources include tutoring, major-based learning centers, developmental education, advising and mentoring, personal counseling, and federally funded programs. For individualized referrals, students may visit the reception desk at University College (Ransom Hall), call the Maverick Resource Hotline at 817-272-6107, send a message to resources@uta.edu, or view the information at [http://www.uta.edu/universitycollege/resources/index.php](http://www.uta.edu/universitycollege/resources/index.php).

Electronic Communication Policy: UT Arlington has adopted MavMail as its official means to communicate with students about important deadlines and events, as well as to transact university-related business regarding financial aid, tuition, grades, graduation, etc. All students are assigned a MavMail account and are responsible for checking the inbox regularly. There is no additional charge to students for using this account, which remains active even after graduation. Information about activating and using MavMail is available at [http://www.uta.edu/oit/cs/email/mavmail.php](http://www.uta.edu/oit/cs/email/mavmail.php).

Student Feedback Survey: At the end of each term, students enrolled in classes categorized as “lecture,” “seminar,” or “laboratory” shall be directed to complete an online Student Feedback Survey (SFS). Instructions on how to access the SFS for this course will be sent directly to each student through MavMail approximately 10 days before the end of the term. Each student’s feedback enters the SFS database anonymously and is aggregated with that of other students enrolled in the course. UT Arlington’s effort to solicit, gather, tabulate, and publish student feedback is required by state law; students are strongly urged to participate. For more information, visit [http://www.uta.edu/sfs](http://www.uta.edu/sfs).

Final Review Week: for semester-long courses, a period of five class days prior to the first day of final examinations in the long sessions shall be designated as Final Review Week. The purpose of this week is to allow students sufficient time to prepare for final examinations. During this week, there shall be no scheduled activities such as required field trips or performances; and no instructor shall assign any themes, research problems or exercises of similar scope that have a completion date during or following this week unless specified in the class syllabus. During Final Review Week, an instructor shall not give any examinations constituting 10% or more of the final grade, except makeup tests and laboratory examinations. In addition, no instructor shall give any portion of the final examination during Final Review Week. During this week, classes are held as scheduled. In addition, instructors are not required to limit content.

The IDEAS Center [2nd Floor of Central Library](http://www.uta.edu/titleIX) offers free tutoring to all students with a focus on transfer students, sophomores, veterans and others undergoing a transition to UT Arlington. To schedule an appointment with a peer tutor or mentor email IDEAS@uta.edu or call (817) 272-6593.

Campus Carry: Effective August 1, 2016, the Campus Carry law (Senate Bill 11) allows those licensed individuals to carry a concealed handgun in buildings on public university campuses, except in locations the University establishes as prohibited. Under the new law, openly carrying handguns is not allowed on college campuses. For more information, visit [http://www.uta.edu/news/info/campus-carry/](http://www.uta.edu/news/info/campus-carry/).

Bomb Threats: If anyone is tempted to call in a bomb threat, be aware that UTA will attempt to trace the phone call and prosecute all responsible parties. Every effort will be made to avoid cancellation of presentations/tests caused by bomb threats. Unannounced alternate sites will be available for these classes. Your instructor will make you aware of alternate class sites in the event that your classroom is not available.

Emergency Exit Procedures: Should we experience an emergency event that requires us to vacate the building, students should exit the room and move toward the nearest exit. Note there are multiple exits from the first floor in close proximity to our room on the south, east, and west sides of the building. When exiting the building during an emergency, one should never take an elevator but should use the stairwells. Faculty members and instructional staff will assist students in selecting the safest route for evacuation and will make arrangements to assist individuals with disabilities.

**EVACUATION FOR DISABLED PERSONS:** For 2nd floor and above, please go to the Northeast fire stairs. An evac track chair is located on the 6th floor stairwell. Employees trained in the use of this chair will go to the 6th floor and bring the chair to any lower floor stairwell to assist disabled persons.

**Emergency Phone Numbers:** In case of an on-campus emergency, call the UT Arlington Police Department at 817-272-3003 (non-campus phone), 2-3003 (campus phone). You may also dial 911. Non-emergency number 817-272-3381

**PLEASE RE-READ LAPTOP POLICY – STUDENTS NOT ADHERING TO THIS POLICY MAY BE ASKED TO LEAVE THE CLASS.**
Stop. Think. Protect Yourself. You Have Choices.

The safety and security of our campus is the responsibility of everyone in our community. Each of us has an obligation to be prepared to appropriately respond to threats to our campus, such as an active aggressor.

This graphic provides each member of the UTA community with information and options for responding to an active threat. These options are not chronological, but are designed to address dynamic situations. Assess the situation (your location, the location of the threat, type of threat, etc.), identify and weigh your options, develop a plan of action and commit to it.
