### A. Mandatory Face Covering Policy

All students and instructional staff are required to wear facial coverings while they are on campus, inside buildings, and in classrooms. Students that fail to comply with the facial covering requirement will be asked to leave the class session. If students need masks, they may obtain them at the Central Library, the E.H. Hereford University Center’s front desk, or in their department. Students who refuse to wear a facial covering in class will be asked to leave the session by the instructor, and, if the student refuses to leave, they may be reported to UTA’s Office of Student Conduct.

### B. Description of Course Content

Focuses on issues and aspects of practice of broad concern to the profession of social work. The Integrative Seminar provides students with a learning experience aimed at demonstrating the ability to articulate, consolidate, analyze, evaluate, apply and synthesize research, theory, knowledge and skills learned in the course of their professional graduate education in social work. The perspective undergirding this seminar is that professional social work practice requires the mastery of a substantial body of social work and social science knowledge, skills, and values/ethics, with application to all levels of client systems: micro, mezzo and macro as well as administration of human service programs. Faculty members serve as consultants and resource persons to seminar members. Required of all non-thesis students in their final semester of coursework. Grade of C or better must be earned in this seminar to pass. If this requirement is not met, the student must repeat the course. Prerequisite: SOCW 5482 or SOCW 5882.

### C. Student Learning Outcomes

The Council on Social Work Education requires that accredited social work programs follow the CSWE
Educational Policy and Standards that comprises nine competencies as follows:

1. Demonstrate Ethical and Professional Behavior
2. Evaluate Practice with Individuals, Families, Groups, Organizations, and Communities
3. Engage Diversity and Difference in Practice
4. Advance Human Rights and Social, Economic, and Environmental Justice
5. Engage In Practice-informed Research and Research-informed Practice
6. Engage in Policy Practice
7. Engage with Individuals, Families, Groups, Organizations, and Communities
8. Assess Individuals, Families, Groups, Organizations, and Communities
9. Intervene with Individuals, Families, Groups, Organizations, and Communities

The Integrative Seminar, as the capstone course, addresses each of the advanced competencies listed by Concentration/Specialty according to the chart below.

<table>
<thead>
<tr>
<th>Competency 1: Demonstrate Ethical and Professional Behavior</th>
</tr>
</thead>
<tbody>
<tr>
<td>Aging</td>
</tr>
<tr>
<td>-------</td>
</tr>
</tbody>
</table>

2
Demonstrate awareness of aging-related personal and professional values through self-reflection and self-regulation.

Select and incorporate ethical decision-making frameworks that integrate social work values.

Practice in a culturally competent manner that demonstrates recognition of and ability to utilize the principles included in the NASW Code of Ethics, evidence-based knowledge, and relevant legal and policy-related information.

Recognize structural social inequities, advocate within the health and social service communities and as members of interprofessional teams on behalf of older adults and their families.

Practice active self-reflection and continue to address personal bias and stereotypes to build knowledge and dispel myths regarding diverse family structures, families with compels family dynamics and families with multiple challenges and issues.

Implement an effective decision-making strategy for deciphering ethical dilemmas specific to the multiple and diverse needs of families and children.

Practice active self-reflection and continue to address personal bias and affective responses to stereotypes to build knowledge, critical thinking skills and dispel myths regarding diverse mental health/substance abuse issues.

Develop an action plan for continued growth including use of continuing education, supervision, and consultation.

Implement an effective decision making strategy using cognitive and affective processes and judgment for deciphering ethical dilemmas in mental health/substance abuse treatment.

Strategically apply models for ethical decision-making, the NASW Code of Ethics, and relevant laws and regulations to critically recognize, analyze, and address ethical dilemmas in health care practices affecting individuals, organizations, and communities.

Exercise personal reflection and self-regulation to manage personal values, maintain professional demeanor in behavior and appearance, and oral, written, and electronic communication in direct and indirect connection to the delivery of services.

Recognize the role of other health professions when engaging in inter-professional teams from a systems perspective in health care service delivery.

Understand the ethical standards and applicable laws and regulations that impact their work with groups, organizations and communities.

Critically evaluate and apply various ethical frameworks to community and administrative practice, research and policy.

Understand the influence of their personal experiences and social identities in community and administrative practice and practice cultural humility to maintain professionalism.

Are knowledgeable about the history of community and administrative practice in the profession.

Value interdisciplinary collaborations.

Understand the role of CAP practitioners both within the profession and as part of interprofessional teams.

Seek out ongoing learning opportunities and practice ethical use of technology in all forms of communication.

### Competency 2: Engage Diversity and Difference in Practice

<table>
<thead>
<tr>
<th>Aging</th>
<th>Children &amp; Families</th>
<th>Mental Health &amp; Substance Abuse</th>
<th>Health</th>
<th>Community &amp; Administrative Practice</th>
</tr>
</thead>

</tr>
<tr>
<td></td>
</tr>
</tbody>
</table>
Conduct assessments that incorporate a strengths-based perspective, person/family-centered focus, and resilience while recognizing aging-related risk.

Develop, select, and adapt assessment methods and tools that optimize practice with older adults, their families, caregivers, and communities.

Use and integrate multiple domains and sources of assessment information and communicate with other professionals to inform a comprehensive plan for intervention.

**Competency 8: Intervene with Individuals, Families, Groups, Organizations, and Communities**

<table>
<thead>
<tr>
<th>Aging</th>
<th>Children &amp; Families</th>
<th>Mental Health &amp; Substance Abuse</th>
<th>Health</th>
<th>Community &amp; Administrative Practice</th>
</tr>
</thead>
</table>

- Use multidimensional bio-psycho-social-spiritual assessment tools.
- Assess the quality of interactions between family members within their social environment.
- Compare and assess the various etiology and interventions relevant to children and families.
- Describe the structure of the DSM-5 and conduct an assessment informed by cognitive and affective processes using the DSM-5 criteria and structure.
- Understand theories of human behavior in the social environment, and critically evaluate and apply this knowledge in the assessment of diverse clients and constituencies in health settings.
- Uphold legal and ethical guidelines in the assessment of diverse clients and constituencies, and value inter-professional collaboration.
- Use multidimensional bio-psycho-social-spiritual tools to conduct assessment of individuals, families, and groups in health practice settings, and utilize assessment data to inform appropriate intervention goals and strategies.
- Utilize assessment tools and strategies to understand needs, strengths, relevant factors and promising approaches to work with groups, organizations and communities.
- Apply macro theories including systems theory and conflict theory to collect and analyze the data.
- Utilize this assessment within a participatory framework to determine goals and objectives of partnerships with groups, organizations and communities.
- Work together with their constituencies to select the best strategies to accomplish the goals and objectives based on their assessment, formal and informal knowledge of all partners, and priorities of the group, organization and community.
Promote older adults’ social support systems and engagement in families, groups, and communities.

Provide person-centered and family-directed interventions that take account of life course disparities and are targeted to diverse populations, groups, organizations, and communities.

Assess for quality and access a range of services, supports, and care options, including groups and technology, for older adults and families to assure optimal interdependence.

Monitor and modify interventions as needed to respond to individual, family, and environmental challenges.

Competency 9: Evaluate Practice with Individuals, Families, Groups, Organizations, and Communities

<table>
<thead>
<tr>
<th>Aging</th>
<th>Children &amp; Families</th>
<th>Mental Health &amp; Substance Abuse</th>
<th>Health</th>
<th>Community &amp; Administrative Practice</th>
</tr>
</thead>
<tbody>
<tr>
<td>Plan and conduct evaluations to continuously improve programs, policies, and practice impacting older adults and their caregivers.</td>
<td>Contribute to the theoretical knowledge base in the area of children and families through practice-based research, and use evaluation of the process and/or outcomes to develop best practices with children and families.</td>
<td>Contribute to the theoretical knowledge base in the area of mental health/substance abuse through practice-based research, and use evaluation of the process and/or outcomes to develop best practices informed by cognitive and affective processes.</td>
<td>Integrate sources of knowledge, including, but not limited to, public health, health disparities, inter-professional, and social work theories and research, input from constituencies, and broader societal trends, within evaluation processes.</td>
<td>Value the importance of evaluation in interventions with groups, organization and communities and understand the role of evaluation in advancing efficient, effective, and policy-relevant interventions.</td>
</tr>
<tr>
<td>Use and translate evaluation outcomes to enhance the effectiveness and sustainability of programs, policies, and practice for an aging society.</td>
<td></td>
<td></td>
<td>Plan and conduct evaluations to continuously improve programs, policies, and practice impacting health care consumers, families, groups, programs, organizations, and communities.</td>
<td>Distinguish between micro-level and macro-level evaluation, and apply macro-level theories to critically appraise both quantitative and qualitative evaluation methods.</td>
</tr>
</tbody>
</table>

**D. Required Textbooks and Other Course Materials**

In this class, you will use all required and recommended reading materials from all content areas in the courses you have completed or are currently taking in your MSW Program. Thus, course materials include all textbooks, related books, peer-reviewed journal articles, government documents, data and statistics.

**E. Additional Recommended Textbooks and Other Course Materials**

Links to readings and other supplemental resources will be available online.
F. Descriptions of Major Assignments and Examinations

The purpose of this paper is to demonstrate a comprehensive understanding of practice and theory in your area of specialization. Select a client, client system or target population from your graduate level social work field practicum. The selected client or client system should reflect your chosen specialization. For example, if you are a CAP student you should select an agency, community or other social intervention. If your specialization is mental health, you should choose an individual, family or small group with mental health and/or substance abuse issues and concerns. If your area of specialization is family and children, you should choose an individual, family or small group with issues and concerns related to family and children. The client system you choose for your paper should be a real case from your field placement. If you have an issue or problem with selecting a case from your field placement, please see or talk with your instructor. All exceptions must be approved by the instructor. In no circumstances are family members, friends, or characters from media to be used as the client system in the paper.

Integrative Paper Outline

1. Client Situation. (10 points)

2-3 pages

Describe the client system. (e.g., individual, family, other small group, larger group, team, program, agency, organization or community) and the client's situation that is the reason for your intervention. Include a discussion of how this client’s situation fits into your area of specialization. For example, if your area of specialization is mental health, describe how the client’s issues/concerns fit the definition of mental health, mental illness, and/or mental well-being.

Apply, synthesize and analyze knowledge, theory, and skills in relation to the client system

1. Human Behavior and the Social Environment (10 points)

2-3 pages

Select and describe one or more of the most relevant HBSE theories that contribute to the client’s issues and concerns.

Briefly explain the theory and how this theory is relevant to your client’s area of concern/problem situation.

2. Social Policy (15 points)

3-4 pages

Select and describe one or more of the most relevant social policies relevant to the practice situation. This policy section refers to state and federal policies (laws, court decisions, or regulations), not agency policy. Be sure to cite the laws and policies correctly (as you should with all literature you reference).

Briefly explain the policy and how it is relevant to your client’s area of concern/problem situation.

Use a policy analysis model to analyze the effectiveness of the policy for the general client group you have chosen and then your client specifically. Include carefully referenced literature sources including books; peer-reviewed journal articles; research studies; government documents, reports and data; and web sites. While this is not expected in the space available to be a full policy analysis, you should draw on one of the policy analysis models with which you are familiar, and reference the model fully.

Based on your analysis, what would you advocate in terms of policy review, application, formulation, or revision?
- **Engagement (10 points)**
  2-3 pages
  Describe how you did engage the client in the assessment and intervention. What specific skills did you use to engage the client?

1. **Assessment (15 points)**
   3-4 pages
   Describe your efforts to collect, organize and interpret information about the client. What are the client’s strengths and limitations?
   Your assessment should include a discussion of relevant issues of age, class, color, disability, ethnicity, family structure, gender, marital status, national origin, race, religion, sex, stigma, and/or sexual orientation as applicable to your client. Be sure that your discussion of diversity links well with the client and or client situation.

   Discuss how the issues of social and economic justice and human and civil rights may relate to this specific practice situation.

2. **Intervention (15 points)**
   3-4 pages
   Present a mutually developed and agreed upon intervention strategy with specific goals and objectives. Provide a rationale for your selection.

   Describe your intervention from beginning to end, including termination. How did you help the client prevent or resolve problems? How did you negotiate, mediate and advocate for your client. Select and discuss at least 3 practice skills (micro/macro) used in your intervention with the client.

   Write a critique of your work with the client. What did you do well in terms of the intervention? What could have been done to improve the outcomes with the client? How was the intervention empowering? How may it have been discriminatory or oppressive?

   Provide a discussion of whether the intervention was developed from a theoretical practice model. If so, which practice theory? If not, what practice theory could have been used to facilitate better outcomes? Regardless, analyze and provide evidence-based knowledge about the theory-based intervention (used or proposed) and its effectiveness.

3. **Evaluation (15 points)**
   3-4 pages
   Select one of the methods used to evaluate change and improvement with clients/client systems (single subject, pretest/posttest or other). Provide a rationale for the evaluation method you selected. Describe the method and how you would facilitate using that method to collect data to assess change and improvement.

4. **Conclusion (10 points)**
   2-3 pages
   Critically review your practice situation and intervention as an external observer and comment on the following:

   Identify and describe one or more potential ethical and values issues related to this practice situation. Be sure to reference the NASW Code of Ethics in your discussion.
Discuss how this assignment raises issues of professional strengths and challenges.

Formulate a plan for lifelong professional learning and continuing education.

NOTE: The final document should be between 20-25 double-spaced pages (not including references or a cover page) and in 12-point font. Your paper must adhere to APA style (7th edition).

Grading Structure

The paper is divided into sections, and each of these sections will be submitted individually over the course of the semester. The due dates for each of the sections are listed in the Course Outline. Sections submitted after this deadline will be penalized 1 point per day. You will receive a grade and feedback for each section that is submitted. At the end of the term, you will submit a final version of the complete paper that is reflective of the feedback you received on each section throughout the semester.

G. Attendance

At The University of Texas at Arlington, taking attendance is not required but attendance is a critical indicator in student success. Each faculty member is free to develop his or her own methods of evaluating students' academic performance, which includes establishing course-specific policies on attendance. However, while UT Arlington does not require instructors to take attendance in their courses, the U.S. Department of Education requires that the University have a mechanism in place to mark when Federal Student Aid recipients "begin attendance in a course." UT Arlington instructors will report when students begin attendance in a course as part of the final grading process. Specifically, when assigning a student a grade of F, faculty report the last date a student attended their class based on evidence such as a test, participation in a class project or presentation, or engagement online via Canvas. This data is reported to the Department of Education for federal financial aid recipients.

Information specific to modality and meeting times for this course are provided in the section below.

I expect students to check Canvas and their MyMav e-mails daily for this on-line course.
H. Grading

Grades are determined as follows:

A - 180-200 points
B - 160-179 points
C - 140-159 points
D - 130-139 points
F - 129 points or below

**Please note:** you will need a C or above to pass this class. Any grade lower than a C will not be accepted as a passing score in this class.

Students are expected to keep track of their performance throughout the semester and seek guidance from available sources (including the instructor) if their performance drops below satisfactory levels; see "Student Support Services," below.

I. Make-Up Exams

There are no make-up exams in this class. Late assignments must be approved, with good reason, in advance by instructor. E-mail for permission BEFORE the due date.

J. Course Schedule

As the instructor for this course, I reserve the right to adjust this schedule in any way that serves the educational needs of the students enrolled in this course.

K. Expectations for Out-of-Class Study

Beyond the time required to attend each class meeting, students enrolled in this course should expect to spend at least an additional three hours (for each hour of class or lecture per week) of their own time in course-related activities, including reading required materials, completing assignments, preparing for assignments and exams, and reviewing online content, etc.

L. Grade Grievances

M. Student Support Services

UT Arlington provides a variety of resources and programs designed to help students develop academic skills, deal with personal situations, and better understand concepts and information related to their courses. Resources include tutoring, major-based learning centers, developmental education, advising and mentoring, personal counseling, and federally funded programs. For individualized referrals, students may visit the reception desk at University College (Ransom Hall), call the Maverick Resource Hotline at 817-272-6107, send a message to resources@uta.edu, or view the information at http://www.uta.edu/universitycollege/resources/index.php.

The IDEAS Center (2nd Floor of Central Library) offers free tutoring to all students with a focus on transfer students, sophomores, veterans and others undergoing a transition to UT Arlington. To schedule an appointment with a peer tutor or mentor email IDEAS@uta.edu or call (817) 272-6593.

The UT Arlington School of Social Work community is committed to and cares about all of our students. If you or someone you know feels overwhelmed, hopeless, depressed, and/or is thinking about dying by suicide or harming oneself or someone else, supportive services are available. For immediate, 24-hour help call MAVS Talk at 817-272-TALK (817-272-8255). For campus resources, contact Counseling and Psychological Services (817-272-3671 or visit http://www.uta.edu/caps/index.php) or UT Arlington Psychiatric Services (817-272-2771 or visit https://www.uta.edu/caps/services/psychiatric.php) for more information or to schedule an appointment. You can be seen by a counselor on a walk-in basis every day, Monday through Friday, from 8:00 AM to 5:00 PM in Ransom Hall, Suite 303. Getting help is a smart and courageous thing to do - for yourself and for those who care about you.

N. Librarian to Contact

The Social Sciences/Social Work Resource Librarian is Brooke Troutman. Her office is in the campus Central Library. She may also be contacted via E-mail: brooke.troutman@uta.edu or by phone: (817)272-5352 below
are some commonly used resources needed by students in online or technology supported courses:

http://www.uta.edu/library/services/distance.php

The following is a list, with links, of commonly used library resources:

Library Home Page...................... http://www.uta.edu/library
Subject Guides.......................... http://libguides.uta.edu
Subject Librarians...................... http://library.uta.edu/subject-librarians
Course Reserves........................ http://pulse.uta.edu/vwebv/enterCourseReserve.do
Library Tutorials ........................ http://library.uta.edu/how-to
Connecting from Off-Campus....... http://libguides.uta.edu/offcampus
Ask a Librarian....................... http://ask.uta.edu

O. Drop Policy

Students may drop or swap (adding and dropping a class concurrently) classes through self-service in MyMav from the beginning of the registration period through the late registration period. After the late registration period, students must see their academic advisor to drop a class or withdraw. Undeclared students must see an advisor in the University Advising Center. Drops can continue through a point two-thirds of the way through the term or session. It is the student’s responsibility to officially withdraw if they do not plan to attend after registering. **Students will not be automatically dropped for non-attendance.** Repayment of certain types of financial aid administered through the University may be required as the result of dropping classes or withdrawing. For more information, contact the Office of Financial Aid and Scholarships (http://wweb.uta.edu/aaao/faq/).

P. Disability Accommodations

UT Arlington is on record as being committed to both the spirit and letter of all federal equal opportunity legislation, including The Americans with Disabilities Act (ADA), The Americans with Disabilities Amendments Act (ADAAA), and Section 504 of the Rehabilitation Act. All instructors at UT Arlington are required by law to provide “reasonable accommodations” to students with disabilities, so as not to discriminate on the basis of disability. Students are responsible for providing the instructor with official notification in the form of a **letter certified** by the Office for Students with Disabilities (OSD). Only those students who have officially documented a need for an accommodation will have their request honored. Students experiencing a range of conditions (Physical, Learning, Chronic Health, Mental Health, and Sensory) that may cause diminished academic performance or other barriers to learning may seek services and/or accommodations by contacting:

**The Office for Students with Disabilities, (OSD)** www.uta.edu/disability or calling 817-272-3364. Information regarding diagnostic criteria and policies for obtaining disability-based academic accommodations can be found at www.uta.edu/disability.

**Counseling and Psychological Services, (CAPS)** www.uta.edu/caps/ or calling 817-272-3671 is also available to all students to help increase their understanding of personal issues, address mental and behavioral health problems and make positive changes in their lives.

Q. Non-Discrimination Policy

*The University of Texas at Arlington does not discriminate on the basis of race, color, national origin, religion, age, gender, sexual orientation, disabilities, genetic information, and/or veteran status in its educational programs or activities it operates. For more information, visit*** uta.edu/eos.

R. Title IX Policy

The University of Texas at Arlington (“University”) is committed to maintaining a learning and working environment that is free from discrimination based on sex in accordance with Title IX of the Higher Education Amendments of 1972 (Title IX), which prohibits discrimination on the basis of sex in educational programs or
activities; Title VII of the Civil Rights Act of 1964 (Title VII), which prohibits sex discrimination in employment; and the Campus Sexual Violence Elimination Act (SaVE Act). Sexual misconduct is a form of sex discrimination and will not be tolerated. For information regarding Title IX, visit www.uta.edu/titleIX or contact Ms. Michelle Willbanks, Title IX Coordinator at (817) 272-4585 or titleix@uta.edu

S. Academic Integrity

Students enrolled all UT Arlington courses are expected to adhere to the UT Arlington Honor Code:

I pledge, on my honor, to uphold UT Arlington’s tradition of academic integrity, a tradition that values hard work and honest effort in the pursuit of academic excellence.

I promise that I will submit only work that I personally create or contribute to group collaborations, and I will appropriately reference any work from other sources. I will follow the highest standards of integrity and uphold the spirit of the Honor Code.

UT Arlington faculty members may employ the Honor Code in their courses by having students acknowledge the honor code as part of an examination or requiring students to incorporate the honor code into any work submitted. Per UT System Regents' Rule 50101, §2.2, suspected violations of university's standards for academic integrity (including the Honor Code) will be referred to the Office of Student Conduct. Violators will be disciplined in accordance with University policy, which may result in the student’s suspension or expulsion from the University. Additional information is available at https://www.uta.edu/conduct/. Faculty are encouraged to discuss plagiarism and share the following library tutorials http://libguides.uta.edu/copyright/plagiarism and http://library.uta.edu/plagiarism/

T. Electronic Communication

UT Arlington has adopted MavMail as its official means to communicate with students about important deadlines and events, as well as to transact university-related business regarding financial aid, tuition, grades, graduation, etc. All students are assigned a MavMail account and are responsible for checking the inbox regularly. There is no additional charge to students for using this account, which remains active even after graduation. Information about activating and using MavMail is available at http://www.uta.edu/oit/cs/email/mavmail.php.

U. Campus Carry

Effective August 1, 2016, the Campus Carry law (Senate Bill 11) allows those licensed individuals to carry a concealed handgun in buildings on public university campuses, except in locations the University establishes as prohibited. Under the new law, openly carrying handguns is not allowed on college campuses. For more information, visit http://www.uta.edu/news/info/campus-carry/

V. Student Feedback Survey

At the end of each term, students enrolled in face-to-face and online classes categorized as “lecture,” “seminar,” or “laboratory” are directed to complete an online Student Feedback Survey (SFS). Instructions on how to access the SFS for this course will be sent directly to each student through MavMail approximately 10 days before the end of the term. Each student's feedback via the SFS database is aggregated with that of other students enrolled in the course. Students’ anonymity will be protected to the extent that the law allows. UT Arlington’s effort to solicit, gather, tabulate, and publish student feedback is required by state law and aggregate results are posted online. Data from SFS is also used for faculty and program evaluations. For more information, visit http://www.uta.edu/sfs.

W. Final Review Week
For semester-long courses, a period of five class days prior to the first day of final examinations in the long sessions shall be designated as Final Review Week. The purpose of this week is to allow students sufficient time to prepare for final examinations. During this week, there shall be no scheduled activities such as required field trips or performances; and no instructor shall assign any themes, research problems or exercises of similar scope that have a completion date during or following this week unless specified in the class syllabus. During Final Review Week, an instructor shall not give any examinations constituting 10% or more of the final grade, except makeup tests and laboratory examinations. In addition, no instructor shall give any portion of the final examination during Final Review Week. During this week, classes are held as scheduled. In addition, instructors are not required to limit content to topics that have been previously covered; they may introduce new concepts as appropriate.
